

Be Extraordinary With Us

Hands-on Experiences for Students

Nebraska Medicine invites middle school and high school students to experience a career in health care through an interactive experience at the only top 100 hospital in the state. Tour the facilities, interact with health care providers and find out what "Serious Medicine. Extraordinary Care." means to us – and to you.

Experiences will be offered throughout the fall and spring semesters.
Register for the event(s) of your choice at [NebraskaMed.com/Experiences](https://www.NebraskaMed.com/Experiences).
